**PROFILE:**

I'm hugely proud to have been elected as a parent governor of Oaktree.

When we were first looking at schools to move our daughter to, we walked through the doors of Oaktree and immediately felt it was the right place for her. The school exuded supportiveness, inclusion and love.

The children at Oaktree are incredibly special and deserve every possible assistance that the efforts of governors and staff can provide. My hope is that I can play a part in maximising the positives impacts Oaktree has on every pupil, equipping each one them for their best future while ensuring they enjoy their journey through the school.

I have a wide-ranging set of experiences from my working life, some of which I hope will be of help to the governing body during my tenure.

I am also an enthusiastic supporter of the Friends of Oaktree School (FoOS)
