Governor at other school: No

PROFILE:

I was delighted to be re-elected to the Oaktree School Governing body. As a parent of a child at the school I have relished my increased involvement with the school, working with the outstanding leadership team and my fellow governors to add value. I feel I am able to give a parental perspective to discussions and decisions made at our school to ensure its continued success.

Prior to having my 3 children I had a successful career in Food Manufacturing management. During my initial term I have been able to utilise my business management skills, including my Human Resources expertise, in order to make a valuable contribution to the governing body of the school. I am now back at college retraining to become a Fitness Professional, combining my nutritional experience with my passion for healthy living. I hope to use this knowledge to support the school in maintaining a health-promoting environment, with its continued positive approach to healthy eating, physical activity and mental wellbeing.

I am a keen runner and cyclist having completed many endurance events over the years raising money for local charities along the way. I think it is very important that our children feel part of their local community and hope to continue forging links between the school and the wider community.

I am enthusiastic about helping to create an environment in which every child is able to learn and reach their full potential, and where they feel happy and secure. I believe strongly that we owe it to every child at Oaktree School to give them the best possible opportunities in life, and ensure that our pupils are given the tools to find their true voice in the world.
