### Comments:

This is a very positive survey of parents and carers views on parts of school life. Although the replies to questions on progress and teaching have 100% of parents and carers agreeing, we still need to do more work on moving the 'tend to agree' up to 'strongly agree'. However, when you compare the answers to the same questions with 2015, there has been some movement towards 'strongly agree'.

### Comparing 2015 results with 2017

	Strongly Agree 2015	Tend to agree 2015	Strongly Agree 2017	Tend to agree 2017
My child is making good progress at school	72%	28%	76%	24%
My child is taught well at this school	75%	25%	85%	15%

Staff and school governors will look closely at your judgements and think about how we can take your views on board to make Oaktree an even better school.
